Pineapples have been cultivated on Okinawa as an agricultural product for around a century. However, due to the arrival of lower priced pineapples from overseas, the industry has suffered in recent decades. As a result, some farms are now promoting the fruit as a tourist attraction. The Nago Pineapple Park, a small, enjoyable theme park about pineapples, is a result of such efforts.

<p>Pre-packaged boxes containing 2-3 days worth of food will be available to fill emergency needs. Assistance organizations can contact us to obtain quick access food for service members or family members in need. Families new to Okinawa may visit the pantry to pick out items to help defray costs of restarting their home pantry. We are also a depository for families PCSing off-island to bring unused, unexpired items to share with others. We invite the community to join our efforts! Opportunities include: helping families during open shop hours, sorting and shelving donations, organizing food drives, collecting food from drop-off locations, and packing emergency needs boxes. Interested volunteers can register at: https://forms.gle/MJYdC7MKskZhJtKN6</p>
