

 CHILD ABUSE PREVENTION MONTH 

FAMILY ADVOCACY PROGRAM COMMUNITY RESOURCE SCAVENGER HUNT

What is the community resource scavenger hunt?

The Family Advocacy Program Scavenger Hunt will lead your family to resources and encourage conversations that will help you connect and learn more about each other! Each clue will take you to a physical location, a website, or encourage a family activity/discussion. The more tasks you complete as a family, the more likely it will be that you will win a prize!

How do I deliver my “proof” that I completed the activity?

After you accomplish a task, snap a photo! If you are at a physical location, take a family selfie in front of it. If you visit a website or download a resource, take a screenshot. During an activity, take a photo of your family while you spend that time together. If going to a physical location right now is not comfortable or realistic for your family, please feel free to visit the corresponding website instead. Screenshots are acceptable proof of accomplishment! After you complete the desired amount of tasks, send proof photos to fapprevention@okinawa.usmc-mccs.org. We would love to follow along! Post photos on social media using the hashtag #FAPScavengerHunt2022.

How do I win a prize?

Each time you accomplish a task, take a photo or screenshot for proof. After emailing your proof photos to fapprevention@okinawa.usmc-mccs.org, including your full name and contact information, your name will be entered into a drawing. Your pictures will not be saved or shared in any way without your permission and will be deleted after verification. Your name will be entered into our drawing for each task your family completes. All tasks can only be completed once, but you can complete multiple tasks to improve your chance of winning a prize. During the first week of May, the Family Advocacy Program will draw names for winners.

Proof of 1 completed task= 1 entry

Proof of completed bonus task= 5 entries
