SETTING UP A MOVE

Have you ever heard the old saying “It’s Your Move?” With the Defense Personal Property System (DPS), it really is *your move*. DPS improves the household goods relocation experience and streamlines move management.

Why Should I use DPS? DoD is moving towards self-service options.

- Submit your move paperwork and complete self-counseling.
- The ability to track shipments
- The option to file a claim online and to settle a claim directly with your Transportation Service Provider (TSP)
- Full Replacement Value (FRV) of lost and damaged goods
- The opportunity to make sure only quality, reputable companies handle and ship your property by completing the Customer Satisfaction Survey (CSS)

10 STEPS TO DPS

10. Customer Satisfaction Survey (CSS)

YOUR OPINION MATTERS! The CSS has a direct impact on all future shipments. CSS scores for each moving company affect how many shipments they will receive in the future. If you had a good or bad move, the CSS is your way of helping improve future moves for you, your fellow service members, and your families.
